

# level Lock+ Supplement for Apple Users

## Installation and activation steps

- 1 Follow the steps in the included Quick Start Guide to install your lock on your door.
- 2 Download the Level Home app on your iPhone, create an account, and follow the on-screen instructions to activate your lock. Activation will automatically register your lock and ensure you receive the latest firmware updates.

- 3 When activating your lock, be sure to enable Apple HomeKit when prompted in order to use Apple home keys.
- 4 After successfully completing activation in the Level Home app, open the Apple Home app on your iPhone to complete Apple home keys set up.

\*Requires iPhone XS or later with iOS 15 or later and Apple Watch Series 4 or later with watchOS 8 or later

## How to use Apple home keys

Hold the top of your compatible iPhone\* (or the face of your Apple Watch) to the front of your lock, between the top of the key cylinder and the outer housing.
